Misión

Formar docentes de Educación Preescolar, a través de planes y programas de estudio vigentes y del respeto irrestricto a los valores universales del hombre, cualificados para responder a las demandas sociales y a las necesidades de desarrollo de aprendizaje de la población infantil, con la calidad educativa, la equidad social y la excelencia humana que requiere el mundo globalizado y en constante transformación, de hoy.

Autobiografía y Currículum Vítae

*****AUTOBIOGRAPHY*****

My name is Mayela Alejandra del Carmen Gaona García. I am 37 years old (2014). I was born on a sunny day just before spring on march 20th June 1977 in Saltillo Coahuila México. I still live in my place of birth. I love to cook, decorate and spend time with my family.

My parents are Ismael Gaona and Maria del Carmen García. My dad started his own business with my mother's help, they settled a stationary store in 1990 where me and my three brothers helped around since very little. My oldest brother is divorced and works in the states, the older than me has Down Syndrome ,he just practices hand crafts and my younger is married and ran a cyber café.

I got married in 2000 and I gave birth to a beautiful girl her name is Xetzemany (Nick name: Many 2003) then I divorced, but little later I met a tender guy his name is Javier Aaron, we have 11 years together and we have a son whose name is Javier (Nick name: happy 2008). They are the meaning of my life.

My early childhood was of a typical happy girl and meaningful every moment. I started my school education in a Catholic School, taught with values that contributed to form the person that I am. Later (in 1995) I decided to study Business Administration at Tecnológico de Saltillo where I spent such memorable moments, by that time I had the unforgettable experience to swap 1 year to Canada and visit some places.

During my career I enjoyed learning not only at school but also at work because I started to work in a Company just before graduate. My first experience was in Import/ Export, The job and payment got better as I became more experienced, leading to more confidence, that I could handle the job, regardless of what came along.

Later by a chance on my life I was encouraged to join The Normal School of pre-school Education where I work since 2003. It was a decision that changed the entire course of my life. Teaching is a long learning process that offers me an immense satisfaction of nurture my knowledge and skills for being a competitive element in my work. I'm confident and highly motivated with great challenges to face and any goal to pursuit.
