# FOOD & FRIENDS

## RESTAURANT REVIEW

Last Sunday night, my family and I went to dinner at a restaurant called food and friends. I had buffalo boneless and fries. The boneless ones were a little undercooked but were very delicious. French fries they were crispy and delicious.

As a drink I ordered a hibiscus water, which by the way was a little sweet. For dessert, I ordered some snow donuts, which were delicious. At the time of placing my order, the waiters did not have a good attitude towards customer service, despite that, I would recommend the restaurant because the place is very nice and pleasant, in addition, the food is delicious.
