About us

Ixtapa, Zihuatanejo

We invite you to visit the beaches of Ixtapa Zihuatanejo, where you can find beautiful landscapes such as small forests which you can explore by bicycle or islands with different things to see such as large coral reefs. I recommend that you visit in the low season, not on vacation so you can enjoy the views without so many tourists around, it could be in January when it is not very hot, because it is very hot here, you can stay in one of the bigger hotels but That will be very expensive, because it is in the tourist areas, the only cheap thing will be the food and souvenirs, although it is cheaper than Cancun. You can do water activities such as snorkeling or boat rides. I recommend this place because it is beautiful, although Saltillo is beautiful, here it is more beautiful, small, quiet, very clean (its beaches are cleaner than those of Puerto Vallarta), fun, safe, cheap and pleasant (the people are friendlier than in others places I have visited).

Just 3 kilometers away you can find an island, you will have to take a boat to get there, there you can rent a jet ski or kayak, don't miss the opportunity to get to know this place

Identify and use vocabulary of landscapes	✓		
Give a definition or describe with words a natural landscape		✓	
Use comparatives adjectives to describe temperature, distance or measurements.	✓		
Use superlatives adjectives to describe temperature, distance or measurements.	✓		
Use questions with how to ask about temperature, distance or measurements.		✓	

What can you do to improve? (opportunities)

I need to practice more comparative adjectives as well as superlatives because I sometimes get confused when I am using them, as well as the use of the and than in sentences.
