Cancún México

Cancun, the most beautiful place to visit, is located on Quintana Roo, the travel time is longer than if you went to mazatlan, but it's definitely worth it.

I recommend Cancun because the beach is the prettiest, and there's more attractive activities than in Mazatlan. Activities include exploring in the biggest Mayan ruins of Chichén Itzá, which is smaller than "La piramide del sol", and visiting one of the most wonderful places like Xcaret, which a gorgeous ocean and lakes.

Cancun has diverse shopping options that you can visit. The best time to visit is from November to April with its ideal climate between 21-32°C

I wish everyone gets a chance to visit this indredible place at least once!
