

Get to know me

Hi, my name is Teresita Ayala Avila but people used to call me Tere. I'm from Piedras Negras, Coahuila and I was born on December 10, 2005, so I am 18 years old.

There are 5 members on my family, my mom and dad with 56 years old one sister that is 27 years old, also I have a brother of 30 years old who is married. In my case, I'm single so I don't have any children.

I have my own cell phone and also a laptop that I bring sometimes to school to do homework.

Fortunately, I have always had access to internet in my home, so since I was a little girl, I create my e-mail address: teresitaayalavila@hotmail.com. One of my favorite

hobbies is to listen music, usually I listen K-pop, pop, reggaeton and music in English. This is my favorite activity to do in my free times but also I like to watch programs and tv shows some in Korean language and the another ones in English like Stranger things, Gilmore Girls and iCarly. I like to go out with my friends, or spend time with my roommates too.

When I was in middle school, I was in the club art, but actually I hate the art things cause I'm very bad at them. In my whole life I had practice some sports like basketball football, swimming and cheerleading. And about reading I hardly read books but nowadays I have been reading one book named "Aristoteles and Dante discover the secrets of the universe".

Since elementary I had been studying English in a bilingual school. But in high school I didn't learn too much at all.

I think that learn English is one of the most important things to do in the life cause you can make a lot with the language
